R.V. Industries is committed to preventing counterfeit, suspect or unauthorized materials and components from entering our supply chain or being supplied to customers.

Our Commitments

— Verified Sources
Purchase raw materials, bought-out parts and critical items from approved or appropriately verified sources.

— Traceability & Documentation
Maintain traceability and supporting documentation for materials and components where required by specification, customer or internal controls.

— Incoming Inspection
Inspect incoming materials and verify critical characteristics, identification and documentation as applicable.

— Nonconforming Material Control
Control nonconforming or suspect material to prevent unintended use or shipment.

— Escalation & Review
Escalate suspected counterfeit or fraudulent documentation for review and disposition by authorized personnel.

— Customer Notification
Where required, inform affected customers and relevant parties if confirmed counterfeit risk may impact supplied product.

— Supplier Performance
Maintain supplier performance controls and take corrective action where authenticity or traceability concerns arise.

— Employee Training
Train relevant employees to recognize and report indicators of counterfeit or suspect material.

POLICY OBJECTIVE

Our objective is to protect product integrity, customer safety and supply-chain confidence through controlled sourcing, verification and traceability.
