R. V. INDUSTRIES

CYBERSECURITY & DATA PROTECTION POLICY

Confidentiality • Integrity • Availability

DOCUMENT	REVISION	EFFECTIVE DATE	APPROVED BY
POL-09	**00**	**01 July 2026**	**Managing Director**

R.V. Industries is committed to protecting business information, customer data, technical drawings, commercial records and digital systems against unauthorized access, loss, misuse, alteration and cyber threats.

Our Commitments

— Access Control
Provide system and data access according to job responsibilities and business need.

— Strong Authentication
Use strong authentication and appropriate security controls for critical accounts and systems.

— System Protection
Protect company email, domain, network and endpoint systems through suitable technical and administrative safeguards.

— Backup & Recovery
Maintain appropriate backup and recovery arrangements for important business information.

— Data Confidentiality
Protect customer drawings, specifications, quotations and confidential information from unauthorized disclosure or use.

— Controlled Access
Control software, removable media, file sharing and external access according to business risk.

— Incident Reporting
Encourage prompt reporting of suspicious emails, unauthorized access, malware, data loss or other security incidents.

— Continuous Improvement
Review cybersecurity risks and improve controls as technology, threats and business requirements evolve.

POLICY OBJECTIVE

Our objective is to maintain the confidentiality, integrity and availability of information required to support customers and business operations.
