R. V. INDUSTRIES

QUALITY POLICY

Commitment to Quality • Customer Confidence • Continual Improvement

DOCUMENT	REVISION	APPROVED BY
Quality Policy	**00**	**Managing Director**

R.V. Industries is committed to manufacturing and supplying precision brass and non-ferrous components that consistently meet customer requirements, applicable specifications, statutory and regulatory requirements, and agreed quality standards.

Our Commitment

— Customer Requirements
Understand and fulfil customer-specific, technical and quality requirements.

— Process Control
Maintain effective control of raw materials, manufacturing processes, inspection and final product conformity.

— Defect Prevention
Promote defect prevention through process control, risk-based thinking and systematic problem solving.

— People & Training
Develop employee competence through training, responsibility and quality awareness at every level.

— Supplier Oversight
Monitor suppliers and externally provided processes to support consistent material and service quality.

— Verification
Use appropriate inspection, measurement and testing systems to verify product conformity and traceability.

— Continual Improvement
Continually improve our Quality Management System, manufacturing capability, productivity and customer satisfaction.

— Ownership
Encourage every employee to take ownership of quality at each stage of the manufacturing process.

QUALITY OBJECTIVE

To build long-term customer confidence through consistent quality, traceability, reliability and continual improvement — not merely to meet specifications, but to strengthen performance across the complete supply relationship.
